

## **TOP TEN REASONS TO LICENSE INTERIOR DESIGN**

1. Your life depends on it!
2. Licensure will prevent an unqualified individual from designing the interior of your parents' nursing home or your child's school.
3. Your hotel room, your home, and your office will be protected through the use of fire retardant materials.
4. It will ensure the health, life, safety and welfare of Minnesota families.
5. Licensed interior designers will implement sustainable designs in the spirit of the 25% renewables by 2025 law.
6. Poisonous toxins will be kept out of your workplace and help you breathe easier.
7. Licensure will help make spaces accessible to all individuals.
8. The public will be protected from harm by licensing interior design practice, the only unlicensed design profession under the Board of Architects, Engineers, Land Surveyors, Landscape Architects, Geoscience, and Interior Design.
9. It will assist you with meeting your sustainability goals at work and at home.
10. To keep your wrists and backs in good health through the personal application of ergonomic standards.

**Call or email your legislators today and ask them to support the Interior Design Practice Act; Senate File 799 and House File 991!**
