FUSION+FASHION 2023: SUPERNOVA – FAQ

Theme: SUPERNOVA

Q: How do I interpret the theme?

A: The fashion for SUPERNOVA will be based on the following concepts: Space, Futuristic, Visionary, Celestial Body, Black Hole, Comet, Extra Terrestrial, Constellation, Galileo. We want to see your team celebrate the ignition of your cosmic theme.

Location

Q. Where is the event being held this year?

A. The Filmore, 525 N 5th St, Minneapolis, MN 55401

Teams

Q: Is there a limit to the number of people on a team?

A: There is no limit to the amount of people who can assist in the creation of your outfit. There are, however, only two model assistants allowed backstage the day of the event. Those two model assistants will be given wristbands granting backstage access the day of the event. These are non-transferable and assigned to two specific people for the duration of the event.

A new design addition for SUPERNOVA is the requirement to collaborate with an individual or team outside of our industry to create a semblance of a Constellation. Some suggestions of outside assistance: Marketing Firms, Graphic Designers, Electricians, Teachers, your dad.

Q: Is there a limit to the number of models per entry?

A: Yes. Up to two models /outfits can be submitted for one registration.

SUPERNOVA

Outfit

Q: Can an outfit previously submitted for a different contest be submitted for Fusion + Fashion?

A: No! The submission for Fusion + Fashion 2023: SUPERNOVA MUST be an original design for this contest alone. If it is discovered that a submission was previously used, no award will be given.

Q: Are there any restrictions on materials used to construct the garments?

A: 50% use of materials and finishes from the building industry is strongly encouraged and be eligible for an award. Team qualification for judged awards is highly dependent on the "building industry" materials being visibly present on the outfit submitted.

If your team struggles to find resources, please contact the Fusion committee.

Q: Is there a restriction on garment size (width and height)?

A: All entrants will need to take the following into account: when the model(s) is runway ready, they will need to navigate backstage areas that include some stairs, slight overhangs, standard doorways, and winding areas. A rough floor plan will be provided to entrants. The runway will be about 48" wide.

Judging

Q: What is the format for judging?

A: Teams will be required to present their concept and garment(s) to the judges prior to the show. The model(s) and up to 2 team members can attend. The teams will have just a few minutes (usually 2-3, depending on number of overall entries) to present to the judges a concise, prepared concept presentation. The judges may ask questions, but will not guide the presentation. This is mandatory, if you aren't backstage by 5:30 pm, you lose your judging spot and are given a 0 in that category.
